<b>Teaching, Learning and Assessment Procedures</b>	<p>The programmes offered are vocational in nature and entail both theoretical lectures delivered in classes as well as practical elements that are delivered in laboratories, workshops, salons, simulators as the module requirements dictate.</p> <p>Each module or unit entails a number of in person and/or online contact learning hours that are delivered by the lecturer or tutor directly (See also section 'Total Learning Hours').</p> <p>Access to all resources is provided to all registered students. These include study resources in paper or electronic format through the Library and Resource Centre as</p>

	<p>well as tools, software, equipment and machinery that are provided by the respective institutes depending on the requirements of the course or module.</p> <p>Students may however be required to provide consumable material for use during practical sessions and projects unless these are explicitly provided by the College.</p> <p>All Units of study are assessed throughout the academic year through continuous assessment using a variety of assessment tools. Coursework tasks are exclusively based on the Learning Outcomes and Grading Criteria as prescribed in the course specification. The Learning Outcomes and Grading Criteria are communicated to the Student via the coursework documentation.</p> <p>The method of assessment shall reflect the Level, credit points (ECTS) and the schedule of time-tabled/non-timetabled hours of learning of each study unit. A variety of assessment instruments, not solely Time Constrained Assignments/Exams, are used to gather and interpret evidence of Student competence toward pre-established grading criteria that are aligned to the learning outcomes of each unit of the programme of study.</p> <p>Grading criteria are assessed through a number of tasks, each task being assigned a number of marks. The number of grading criteria is included in the respective Programme Specification.</p> <p>The distribution of marks and assessment mode depends on the nature and objectives of the unit in question.</p> <p>Coursework shall normally be completed during the semester in which the Unit is delivered.</p> <p>Time-constrained assignments may be held between 8 am and 8 pm during the delivery period of a Unit, or at the end of the semester in which the Unit is completed. The dates are notified and published on the Institute notice boards or through other means of communication.</p> <p>Certain circumstances (such as but not limited to the COVID-19 pandemic) may lead Institutes and Centres to hold teaching and assessment remotely (online) as per MCAST QA Policy and Standard for Online Teaching, Learning and Assessment (Doc 020) available via link <a href="https://www.mcast.edu.mt/college-documents/">https://www.mcast.edu.mt/college-documents/</a></p> <p>The Programme Regulations pertaining to this Programme's MQF/EQF level available at: link <a href="https://www.mcast.edu.mt/college-documents/">https://www.mcast.edu.mt/college-documents/</a>, apply.</p>
<b>Grading System</b>	<p>All MCAST programmes adopt a Learner-centred approach through the focus on Learning Outcomes. The assessment of MCAST programmes is criterion-referenced and thus assessors are required to assess learners' evidence against a pre-determined set of Learning Outcomes and Assessment Criteria.</p> <p>For a student to be deemed to have successfully passed a unit, a minimum of 50% (grade D) must be achieved.</p> <p>All full time units are individually graded as follows:</p> <ul style="list-style-type: none"> <li>A* (90-100)</li> <li>A (80-89)</li> <li>B (70-79)</li> <li>C (60-69)</li> <li>D (50-59)</li> </ul> <p>Unsatisfactory work is graded as 'U'.</p>

	<p>Work-based learning units (where applicable) are graded on a Pass/Fail basis only.</p> <p>Some units which follow industry standards and regulations may also be graded on a Pass/Fail basis as per programme regulations referred below.</p> <p>Detailed information regarding the grading system may be found in the Programme Regulations pertaining to this programme's MQF/EQF Level available at: <a href="https://www.mcast.edu.mt/college-documents/">https://www.mcast.edu.mt/college-documents/</a> (Refer to DOC 003, 004 and 005)</p>
<b>Exit Point (where and as applicable)</b>	<p>Where a student will not make it to the Final Certification achievable from this Programme of Studies (as per Programme Regulations), one might wish to look into Exit Point possibilities as may be applicable to this programme for studies. ## CDRTL-103-2201: Introduction to Retail

Unit level (MQF/EQF): Level 1

Credits: 3

Delivery Mode: Face to Face

Total Learning Hours: 75

---

### Unit Description

Learners will become familiar with the retail industry. The retail industry is in constant change to keep up with the different consumer demands. The diversification of the sector ranges from small family run retail outlets to franchise businesses that offer both in-store and e-shopping. Learners will familiarise themselves with the different types and parts of a retail outlet, products and services. Communication is the key to customer service and satisfaction in retail. Effective customer service support sales. By learning basic communication skills and sales ethics learners will know how to assist customers to purchase goods and services. In light of, this learners are going to learn about consumer problems and how to deal handle difficult client situations at work as well.

### Learning Outcomes

On completion of this unit the learner will be able to:

1. *Identify the different types of retail settings and areas within a retail outlet.*
2. *Recognise the importance of product knowledge and services found within different retail settings.*
3. *Communicate effectively in retail using the correct communication means.*
4. *Demonstrate effective customer service skills to meet customer needs within retail.*

## CDRTL-103-2202: The Retail Environment

Unit level (MQF/EQF): Level 1

Credits: 3

Delivery Mode: Face to Face

Total Learning Hours: 75

---

### Unit Description

Retailing is one of the most competitive industries in Malta. Retailers need to adapt and change their retail environments according to the present trends to attract consumers. In this unit, learners will be familiar with the various characteristics within different retail environments.

This study unit is designed to motivate learners in the retail environment through hands-on tasks. Learners will be provided with the knowledge and skills of how to use basic retail equipment and supplies safely within different retail environments. It will prepare learners to know the tasks that occur behind the scenes so that retail environments can operate effectively. Learners will then have the opportunity to develop new skills related to product display to promote sales within different retail environments.

### Learning Outcomes

On completion of this unit the learner will be able to:

1. *Carry out retail tasks safely using equipment and supplies within different retail environments.*
2. *Follow procedures for receiving, storing and handling goods appropriately in different retail settings.*
3. *Recognise the importance of health and safety in a retail environment.*
4. *Identify basic product line display and product packaging.*

## CDRTL-103-2203: Employability Skills for the Workplace

Unit level (MQF/EQF): Level 1

Credits: 3

Delivery Mode: Face to Face

Total Learning Hours: 75

---

### Unit Description

This unit brings forth the opportunity for MQF level 1 learners to embark upon the journey of cultivating and honing employability skills. Learners will become familiar with several job titles and roles, altogether with the corresponding duties and responsibilities present within diverse industry contexts. The learners will delve into the identification and exploration of appropriate display of behaviour, which goes in line with the expectations of potential future employers. Furthermore, the learners will be given the opportunity to initiate and improve their job seeking skills. Apart from being guided on how to submit an application of interest for a vacancy, the learners will also be guided on preparing themselves for potential selection interviews. The knowledge and skills conveyed throughout the delivery of the unit will be applied during the conduction of a two-week work placement, during which students will be compiling a visual and reflective portfolio.

### Learning Outcomes

On completion of this unit the learner will be able to:

1. *Associate several job titles with their corresponding responsibilities.*
2. *Display adequate behaviour at the place of work.*
3. *Recognise the process of job seeking and application.*
4. *Demonstrate engagement in basic duties in a workplace scenario.*

## **CDRTL-103-2204: Payment Methods and Digital Skills in Retail**

Unit level (MQF/EQF): Level 1

Credits: 3

Delivery Mode: Face to Face

Total Learning Hours: 75

---

### **Unit Description**

The purpose of this unit is to provide learners, who are interested in working in the retail environment, with the knowledge and understanding of

- payment methods,
- the use of pricing equipment,
- stock control systems, and
- the use of technology to interact with customers as well as suppliers.

A significant element of this unit is to give learners the opportunity to master their skills by participating in a variety of practical activities and simulations. Learners will be able to handle a range of payments as well as familiarise themselves with various equipment and technology used within the retail sector for pricing, stock control, and communication. This hands-on approach will facilitate the transition into the workplace.

### **Learning Outcomes**

**On completion of this unit the learner will be able to:**

- 1. Practice processing payments for purchases in a retail environment.*
- 2. Practice pricing goods in a retail environment.*
- 3. Use technology to interact with customers and suppliers in a retail environment.*
- 4. Examine the basic principles of stock control and the technology used.*

## CDKSK-104-2301: English

Unit Level (MQF/EQF): 1

Credits: 4

Delivery Mode: Fully Face-to-Face Learning

Total Learning Hours: 100

---

### Unit Description

The aim of this unit is to help the learners develop abilities to communicate in basic English in the areas of work and personal life. This unit covers the four areas of language, which are listening, speaking, writing and reading. This will help the learners hone the skills necessary to function in daily life, including work and social settings.

This unit evolves around the learners' abilities and interests. Therefore the tasks will be contextualised to keep the language relevant. Through this process, the learner will therefore experience the language in the various aspects of life, including basic functional needs and general knowledge, as well as through the chosen vocational area - hence appreciating how 'functional' English can be useful and necessary in the present multicultural social context.

Finally, this unit will be delivered in as much a multisensorial approach as possible so as to be able to reach out to the various personal abilities of the learners. In addition, sessions will be partly student-led to encourage participation, engagement and ideas.

### Learning Outcomes

On completion of this unit the learner will be able to:

1. *Identify simple and functional utterances in basic spoken English in everyday social and work environments.*
2. *Communicate verbally simple information using basic English in everyday social and work environments.*
3. *Read and understand level-appropriate texts in basic English for practical purposes.*
4. *Write level-appropriate texts in basic English for practical purposes.*

## CDKSK-104-2302: Mathematics

Unit Level (MQF/EQF): 1

Credits: 4

Delivery Mode: Fully Face-to-Face Learning

Total Learning Hours: 100

---

### Unit Description

The aim of this unit is to provide support to the learners to develop and apply the basic numeracy skills required to function independently in daily life and at work. It will enable and motivate the learner to use the basic mathematical knowledge to solve problems encountered in real-life situations, and in situations related to their vocational area of study such as Office Work, Retail and Hospitality.

By the end of this unit, learners will be able to use simple mathematical language to validate the solutions given to everyday problems involving numerical calculations. Opportunities to choose whether to add, subtract or multiply in various real-life scenarios will be provided. Simple calculations involving decimal numbers, fractions and percentages will be applied to scenarios involving use of money. Shapes as used in different signs will be discussed and opportunities to use different tools and units of measure will be given for students to become more independent. Data handling will be discussed using frequency tables.

### Learning Outcomes

On completion of this unit the learner will be able to:

1. *Carry out simple numerical calculations involving addition, subtraction and multiplication in real-life and at the place of work.*
2. *Carry out simple calculations using decimal numbers, fractions and percentages involving the use of money.*
3. *Classify, draw and work with shapes, units of measure, perimeter and area in real-life and at the place of work.*
4. *Represent data related to real-life situations in a simple tabular and graphical manner.*

## CDKSK-104-2303: Malti

Il-Livell tal-Unità: (MQF/EQF): 1

L-Għadd ta' Kreditu: 4

Mod ta' Tagħlim: Preżenti

Total ta' Sigħat ta' Tagħlim: 100

---

### Deskrizzjoni Ġenerali tal-Unità

It-tagħlim tal-ilsien Malti f'dan il-livell se jgħin lill-istudenti fl-istudji tagħhom dwar l-ambjent tal-uffiċċju, l-industrija tal-ospitalità, kif ukoll fis-settur tal-bejgħ. Il-ħiliet tal-qari, smiġ, kitba u l-lingwa mitkellma se jkunu mgħallma sabiex l-istudenti jkollhom għarfien tajjeb tal-Malti waqt l-esperjenza ta' xogħol, fis-setturi differenti tal-istudji tagħhom.

F'dan il-livell preliminari l-istudenti se jitgħallmu l-lingwa Maltija biex ikunu kapaċi jikkomunikaw aħjar waqt ix-xogħol tagħhom fl-oqsma vokazzjonali magħżula, kif ukoll jirrelataw aħjar man-nies ta' madwarhom. It-tagħlim tal-Malti se jgħin ukoll biex jesprimu l-ħsibijiet tagħhom kemm bil-kitba kif ukoll bil-fomm. L-għarfien tal-lingwa Maltija se jgħin lill-istudenti fil-ħiliet meħtieġa sabiex ikunu persuni indipendenti u responsabbli.

### Il-Kisbiet mit-Tgħallim

Biex l-istudent jikseb din l-unità irid juri li kapaċi:

1. *Jidentifika l-messaġġi ewlenin f'siltiet sempliċi moqrija.*
2. *Jagħraf il-messaġġi prinċipali skont dak li jisma'.*
3. *Jikkomunika bil-Malti dwar is-settur vokazzjonali permezz tat-taħdit.*
4. *Jipproduċi sentenzi, kliem jew kitbiet sempliċi, b'Malti tajjeb.*

## CDKSK-103-2304: Information Technology

Unit Level (MQF/EQF): 1

Credits: 3

Delivery Mode: Fully Face-to-Face Learning

Total Learning Hours: 75

---

### Unit Description

The aim of this unit is to help the learners to develop an understanding of how ICT can help their learning, their work and their social life. This unit will help them gain confidence in using the computer to complete a variety of everyday tasks, which includes the ability to use a basic operating system and to manage their files and folders.

Throughout this unit, learners will learn how to use different office productivity software including word processing applications to prepare well-formatted documents. The learners will also learn how to design and create basic presentations. Since online communication is essential, the learners will also be exposed to browsing the internet safely and communicate effectively via email. Finally, the learners will also be provided with a basic introduction to spreadsheets in order to start appreciating where and when spreadsheets can be useful.

Conclusively, learners will start to develop the ability to decide when and how to use ICT and be aware of the limitations associated with this use.

### Learning Outcomes

On completion of this unit the learner will be able to:

- 1. Use a basic operating system and file management to complete everyday tasks.*
- 2. Conduct basic tasks using the most suitable office productivity software.*
- 3. Communicate electronically at the place of work and for personal use.*
- 4. Prepare basic presentations using an appropriate presentation software.*

## CDKSK-103-2338: Community Social Responsibility

Unit Level (MQF/EQF): 1

Credits: 3

Delivery Mode: Fully Face-to-Face Learning

Total Learning Hours: 75

---

### Unit Description

This key skill presents an opportunity for learners bearing specific learning difficulties and/or limitations, to explore their individual self and their social environment.

Learners will become familiar with, and understand different aspects of their personal self and how to care for themselves. They will also become familiar with and grasp a few practical life skills that would empower them in becoming more included in society. Learners will also explore ways of how they can establish themselves in their social circles without impinging on their independence and safety.

Whilst becoming more aware of themselves, learners will have the possibility to further explore their surroundings and understand their relation and responsibility towards their communities, hence strengthening their citizenship skills.

### Learning Outcomes

On completion of this unit the learner will be able to:

1. *Illustrate adequate ways and means towards caring for oneself.*
2. *Describe the scope and nature of personal space and healthy boundaries.*
3. *Demonstrate the use of adequate communication skills in accordance with different scenarios.*
4. *Outline what constitutes responsible citizenship.*
