

GENERIC DEGREES

An MCAST suite of generic degrees (February 2021 intake), consisting of **5 Bachelor Programmes**, each having three different stages with interim exit points (as follows) leading to a formal graduation.

STAGE 1

Undergraduate Diploma **60 ECTS**
(Transcript upon completion if students terminate studies)

STAGE 2

Higher Diploma **120 ECTS**
(Transcript upon completion if students terminate studies)

STAGE 3

Bachelor Degree **180 ECTS**
(Eligible for Formal Graduation)

- **BACHELOR OF APPLIED SCIENCE**
CourseCode: AS6-06-18
- **BACHELOR OF APPLIED BUSINESS STUDIES**
CourseCode: BS6-03-18
- **BACHELOR OF COMMUNITY-BASED SERVICE PROVISION**
CourseCode: CS6-04-18
- **BACHELOR OF CREATIVE ARTS**
CourseCode: CA6-11-18
- **BACHELOR OF APPLIED TECHNOLOGY**
CourseCode: ET6-01-18

These programmes shall commence in **Semester 2**, starting towards the second full week of **February** of each academic year. **Generic degrees** are not industry specific, providing a **wide skills-set** that is strong in its transversal nature whilst also providing **significant expertise** in the area of studies. Due to the inter-institute nature of these **qualifications**, students following these programmes shall be assisted through individualized **Academic Learner Agreements** that are managed by the college.

48 ECTS Credits (Area Specific)

Minimum number of credits in vocational units from existing honours degree programme.

48 ECTS Credits

Maximum number of credits from existing degree prog. within the same institute. (Timetables permitting)

60 ECTS

Maximum number of credits in key skills & transversal subjects from any institute. (Timetables permitting)

12 ECTS Credits

12 Work-based learning & 12 Applied Research Project or dissertation

IMPORTANT INFO

The **course map** included courses currently on offer at MCAST up to **MQF Level 7**.

If you cannot find your **progression route** you can **apply provisionally** & the admissions board will consider your application. You may however be required to attend for an **interview**.

Progression routes may be subject to further conditions as stipulated in the **MCAST Prospectus**.

Every care has been taken to make sure that the information presented in this course map is **correct**, however, in the eventuality that the progression routes in this course map and the prospectus differ, the **rules in the prospectus shall prevail**.

You can find **specific course requirements** by referring to the MCAST Prospectus using the **course code** indicated in each circle of this course map.

You may find all the **necessary information** on how to apply in the initial pages of the prospectus and further information on courses on the MCAST website.

PROGRESSION ROUTES

MCAST offers a wide selection of qualifications ranging from **MQF Access levels A&B** to **MQF level 7 Master's Degrees**. The college adopts an inclusive approach and provides several entry and exit points to its qualifications as depicted below.

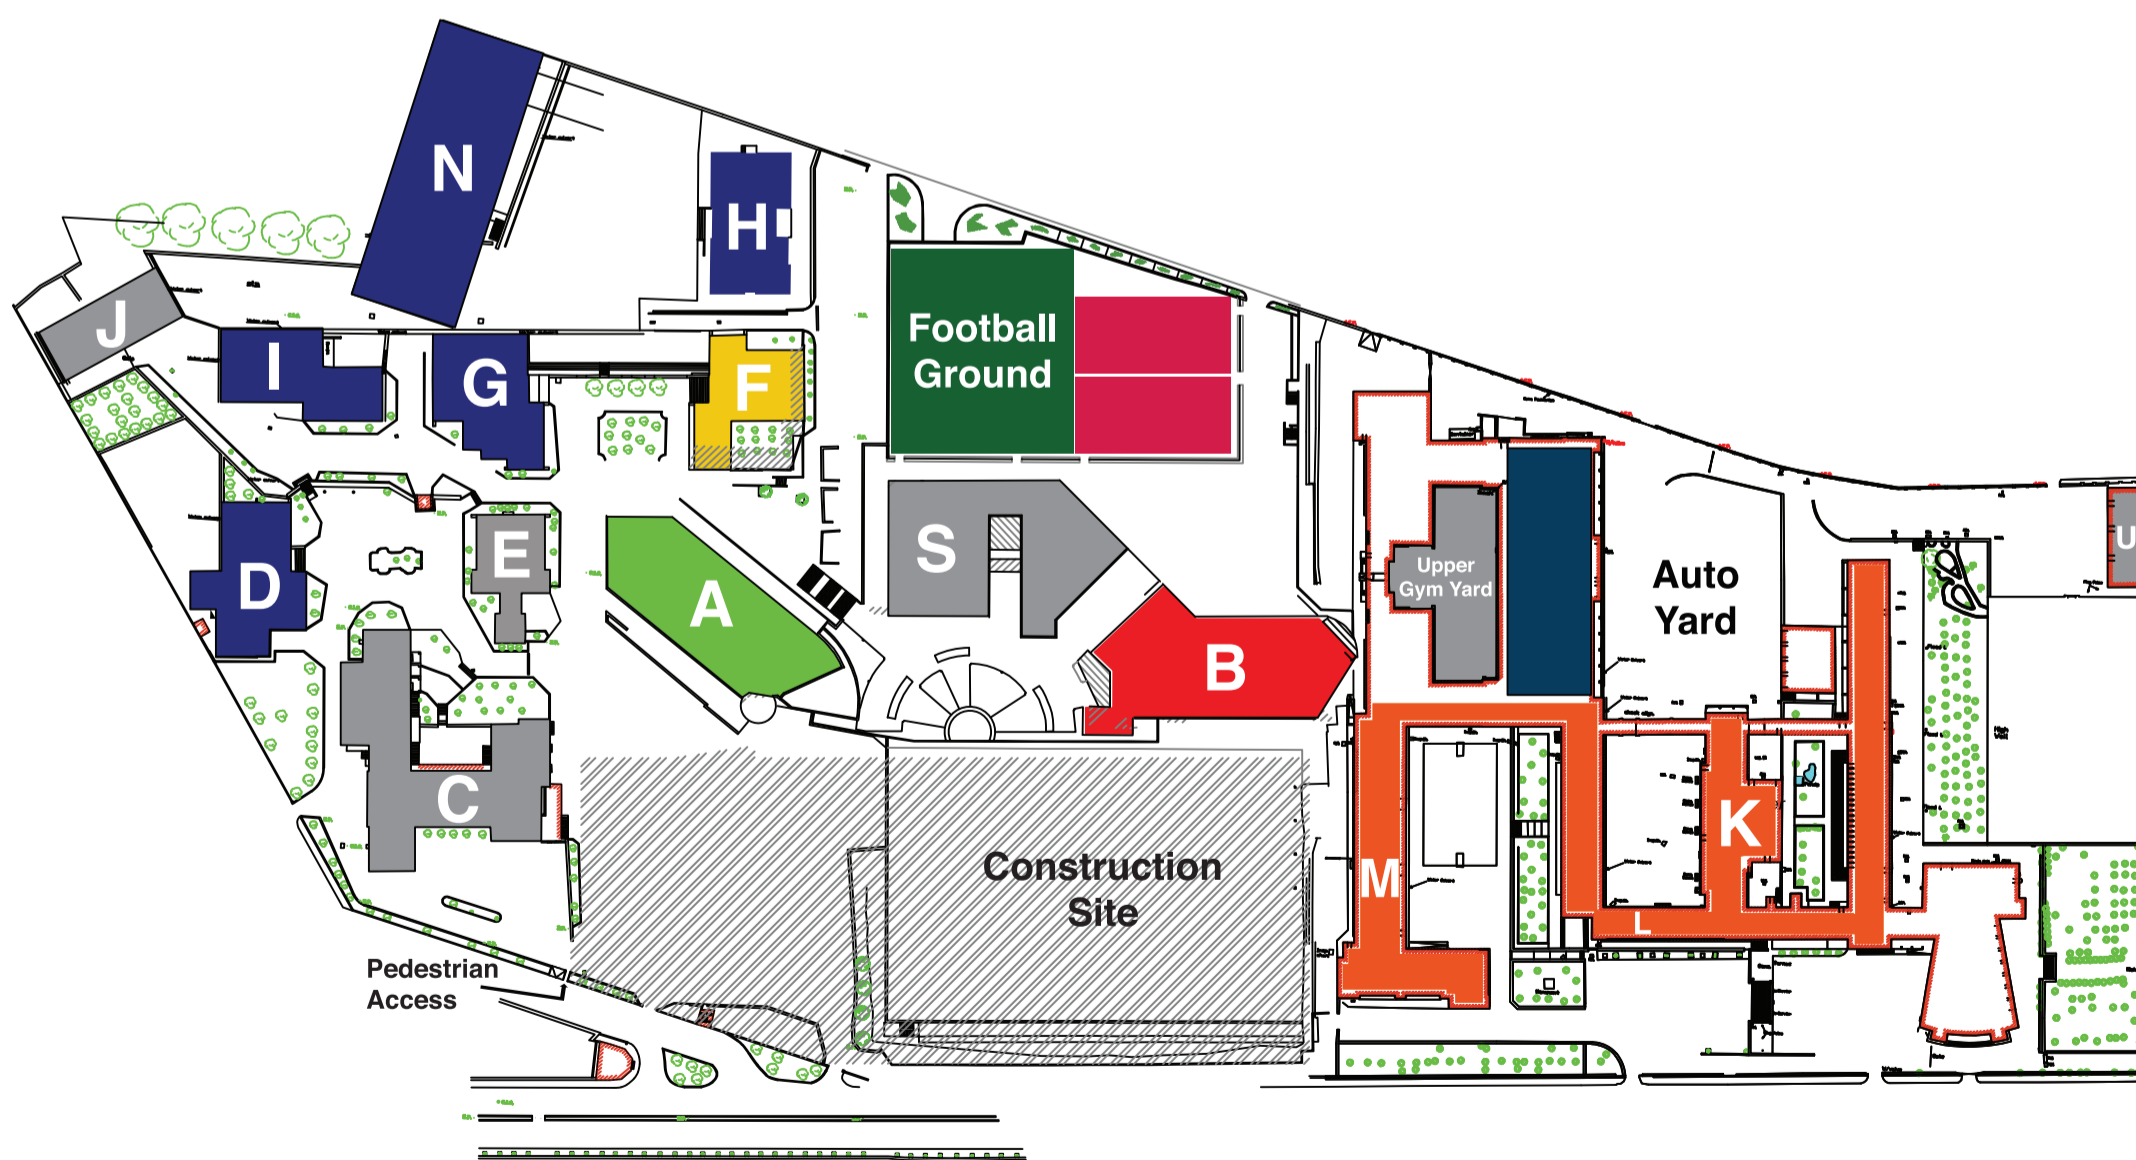

New applicants must have completed compulsory education and can access courses according to the specific course entry requirements as set in the **MCAST 2020/2021 prospectus**. Learners can progress from one level to the other depending on the progression routes available in the **course map**. Further information about internal progression conditions are available on mcast.edu.mt.

ECVET (1Credit = 25Hours of learning)
European Credit System for Vocational Education and Training

ECTS (1Credit = 25Hours of learning)
European Credit Transfer and Accumulation System
