- Information & Knowledge Management
- Library & Information Sciences
- Marketing
- Operations, Logistics & Quality
- Property Management & Built Environment
- Public Policy & Environmental Management
- Tourism & Hospitality Management

MCAST

To search, locate and access the full-text and abstracts of the journal articles go to the [Electronic Library Resources](#) web page.

The screenshot displays the MCAST Library Catalogue website. On the left is a navigation menu with sections for 'Menu' and 'Library'. The 'Menu' section includes links for Full Time Programmes, Past Papers, Assessment Tests, International Students, International Office, E-Learning, Part-time Courses, Vacancies, Library, College Documents, Tenders, Stipends Office, MCAST Moodle Platform, and MCAST News Archive. The 'Library' section includes Catalogue Search, Search Tips, Services, New Users, Opening Hours, Contact Points, Registration, and 'Electronic Library Resources', which is circled in red. An arrow points from the text on the left to this circled item. The main content area features a search bar with the placeholder text 'Keyword / Title / ISBN / Publisher' and a search icon. Below the search bar is a note: 'NEVER include the article (A, An, The, II- etc.) as the first word when searching by Title.' and search options: 'Author Search | Advanced Search | EBSCO Search | Emerald Search'. Further down, there are sections for 'Recent Additions - Past 5 Months' with a navigation bar for months (August 2021, July 2021, June 2021, May 2021, April 2021) and a 'Most Popular' section displaying book covers for 'Experience and education', 'Python machine learning : machine learning and deep', 'Sports Injuries : prevention, diagnosis, treatment', and 'Building a recommendation system with R :'. A book cover for 'CINEMATIC STORYTELLING' is also visible.

Electronic Library Resources: Going beyond our Library Buildings

Besides the physical items found on our shelves (printed books and periodicals, CDs, DVDs, Videos, etc.) the library also gives access to electronic online information.

The library subscribes to the following five databases:

1. EBSCO Academic Search Ultimate and EBSCOhost eBook Collection;
2. **Emerald**;
3. IEEE Xplore;
4. Weblinks Online; and
5. ProQuest Ebook Central
